Independent Auditor's Report

To the Board of Fund of the Municipal Workers Pension Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Municipal Workers Retirement Fund (the Fund) set out on pages 10 to 31, which comprise the statement of net assets and funds as at 30 June 2023 and the statement of changes in net assets and funds for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements of the Fund for the year ended 30 June 2023 are prepared, in all material respects, in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the Independent Regulatory Board for Auditors' *Code of Professional Conduct for Registered Auditors* (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – Financial reporting framework and restriction on use

We draw attention to the *Purpose and basis of preparation of financial statements* note to the financial statements, which describes the basis of preparation of the financial statements. The financial statements have been prepared for the purpose of the Fund's reporting to the Financial Sector Conduct Authority (the Authority) in terms of section 15(1) of the Pension Funds Act No. 24 of 1956, as amended (the Pension Funds Act of South Africa), and have been prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the Board of Fund and the Authority and should not be used by parties other than the Board of Fund or the Authority. Our opinion is not modified in respect of these matters.

Other information

The Board of Fund is responsible for the other information. The other information comprises the information included in the Annual Financial Statements in terms of section 15 of the Pension Funds Act of South Africa, of the Fund for the period 1 July 2022 to 30 June 2023, but does not include the financial statements (schedules F, G and HA) and our auditor's report thereon (schedule D).

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Fund for the Financial Statements

The Board of Fund is responsible for the preparation of the financial statements in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa and for such internal control as the Board of Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Fund is also responsible for compliance with the requirements of the Rules of the Fund and the Pension Funds Act of South Africa.

In preparing the financial statements, the Board of Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent Auditor's Report

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Fund.
- Conclude on the appropriateness of the Board of Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

We communicate with the Board of Fund regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

MUNICIPAL WORKERS' PENSION FUND

SCHEDULE E REPORT OF THE BOARD OF FUND FOR THE YEAR ENDED 30 JUNE 2023

1. DESCRIPTION OF FUND

1.1. Type of fund in terms of the Income Tax Act, 1962

In terms of section 1 of the Income Tax Act, 1962 the Fund is classified as a pension fund. The Fund is a defined contribution fund.

1.2. Benefits

The Fund, a defined contribution fund, provides retirement and withdrawal benefits for employees of the employers participating in the Fund as well as benefits for dependants of such employees upon the death of such employees or former employees. The Fund provides insured death and disability benefits.

1.2.1. Beneficiary benefits

Benefits are calculated based on the member's own death, disability and funeral cover costs together with declared interest. A further lump sum equal to three times the member's annual salary is payable on the death or permanent disability of a member, with disability amount reduced if the member is within ten years of retirement.

1.2.2. Unclaimed benefits

If a benefit, other than a death benefit payable to a dependant or nominated beneficiary in terms of section 37C of the Pensions Fund Act, becomes legally due and payable under the Fund and is not claimed within two years after the date on which it becomes legally due and payable, or the scheme is terminated or partially terminated in terms of sections 27 or 28 of the Pension Fund Act, the benefit will become an unclaimed benefit, after which it may be transferred to a Pension Preservation Fund for unclaimed benefits. If at any stage after the benefit becomes legally due and payable and before it is transferred to a Pension Preservation Fund for unclaimed benefits, the benefit is claimed by a member, dependant, nominated beneficiary or other person to whom a benefit is payable in terms of the Rules, the Board of Fund must pay the benefit to such member, dependant, nominated beneficiary or other person to whom a benefit is payable in terms of the Rules. The benefit may increase with the returned earned on the fund credit while the benefit is unpaid. The benefit may be reduced by the monthly recurring costs of the administration of the benefit and by any reasonable costs incurred by the Fund in identifying and tracing a member, dependant, nominated beneficiary or other person to whom a benefit is payable in terms of the Rules, on the understanding that, in the event where no monthly recurring administration costs have been deducted in respect of the member, a cost may be charged by the administrator for payment of the benefit to such member, dependant, nominated beneficiary or other person to whom a benefit is payable in terms of the Rules.

1.3. Contributions

Members do not contribute to this Fund as this is a paid up Fund.

Employer does not contribute to this Fund as this is a paid up Fund.

MUNICIPAL WORKERS' PENSION FUND

SCHEDULE E REPORT OF THE BOARD OF FUND (continued) FOR THE YEAR ENDED 30 JUNE 2023

1.4. Rule Amendments

All Rule amendments are available for inspection at the Fund's registered office.

2. INVESTMENTS

2.1. Investment strategy

The Board of Fund have formulated an investment strategy whereby the investments are managed according to the following principles. This investment strategy complies with the provisions of regulation 28 of the Pension Funds Act in South Africa.

2.1.1. General

The Fund is a defined contribution fund in which members' credits are adjusted from time to time on the advice of the actuary, in accordance with the Fund's investment return and any smoothing policy set by the Board of Fund. The current policy is that an annual member bonus rate is set by the Board of Fund as at 30 June each year, on the advice of the actuary, taking account of the net investment return over the preceding 12 months. The Fund also maintains smoothing reserve (targeted not to exceed 6,5% of the member credits) which will be used to subsidise the declared bonus rate in adverse market conditions, in terms of the documented smoothing policy set by the Board of Fund. This does not refer to the current level, but rather a target maximum for the Fund (above which they would consider declaring bonuses above returns achieved). An interim bonus rate is set for the period up to the next annual bonus declaration. The member bonus rate may in principle be negative as well as positive, but the Board of Fund have adopted an investment strategy which, together with the existence of the smoothing reserve, reduces the likelihood that this will be necessary. Where there is a negative return in the Fund, the Fund declares a 0% bonus rate i.e. the Fund does not declare a negative return.

2.1.2. Individual member choice

No individual member choice is available to members in terms of the Rules of the Fund.

2.1.3. Reserve accounts

The credits of the Investment Reserve Account will be, allocation (annually or more frequently) of the difference between the value of the assets of the Scheme held in respect of the Members' Shares of the Scheme; and the total amount of the Members' Shares of the Scheme, if positive, in accordance with the investment smoothing policy adopted by the Trustees in consultation with the Actuary.

2.2. Management of investments

The Fund's investment strategy seeks to provide positive real returns on members' savings over the medium to long term (defined as periods in excess of 5 years). The investment strategy further seeks to offer members some protection against short-term investment losses (defined as a negative return to members over a one-year period).

The Fund's investments consist of three market related policy mandates with Ninety One SA (Pty) Ltd, Stanlib Asset Management and Sanlam Life Insurance Ltd respectively.

Life Stage Model: Members who are closest to retirement age require the greatest protection against short-term investment losses. Therefore the Fund's investment strategy for members within 1 year of normal retirement age, and 50% of the investments for members within 2 years of normal retirement age, seeks to protect these members by investing assets corresponding to their savings in a domestic money market portfolio managed by Stanlib Asset Management.

The fair value of the Fund's investments, administered by the investment administrators at the end of the year was:

	FSCA Registration number	30 June 2023 R	30 June 2022 R

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2023

1. PRINCIPAL ACCOUNTING POLICIES

The following accounting principles, which are consistent with those of the previous period, are used by the Fund:

1.1. PURPOSE AND BASIS OF PREPARATION OF ANNUAL FINANCIAL STATEMENTS

The annual financial statements are prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa, the Rules of the Fund and the provisions of the Pension Funds Act in South Africa.

The annual financial statements are prepared on historical cost and going-concern basis except where specifically indicated in the accounting policies below:

1.2. FINANCIAL INSTRUMENTS

Measurement

A financial instrument is any contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of any other entity. A financial asset or a financial liability is recognised when its contractual arrangements become binding and is derecognised when the contractual rights to the cash flows of the instrument expire or when such rights are transferred in a transaction in which substantially all risks and rewards of ownership of the instrument are transferred.

Financial instruments carried on the statement of net assets and funds, include cash and bank balances, investments, receivables, benefits payable, unclaimed benefits and accounts payable.

Financial instruments are recognised on acquisition using trade date accounting, which includes transaction costs. Upon initial recognition financial instruments are designated at fair value through the statement of changes in net assets and funds as the assets or liabilities are managed, evaluated and reported internally on a fair value basis and/or the designation eliminates or significantly reduces an accounting mismatch which would otherwise arise.

Subsequent to initial recognition, these instruments are measured as set out below.

1.2.1. Investments

Investments are classified at fair value through the statement of changes in net assets and funds are measured at fair value.

Debentures

Debentures comprise investments in listed and unlisted debentures.

Listed debentures

The fair value of listed debentures traded on active liquid markets is based on regulated exchange quoted ruling closing prices at the close of business on the last trading day on or before the statements of net assets and funds date.

Bills and bonds

Bills and bonds comprise investments in government or provincial administration, local authorities, subsidiaries or holding companies and corporate bonds.

Listed bills and bonds

The fair value of listed bills and bonds traded on active liquid markets is based on regulated exchange quoted ruling closing prices at the close of business on the last trading day on or before the reporting date.

Insurance policies

Linked or market-related policies

10. RISK MANAGEMENT POLICIES

- Solvency risk**

Solvency risk is the risk that the investment returns on assets will not be sufficient to meet the Funds contractual obligations to members.

Continuous monitoring by the Board and the Fund's actuary takes place to ensure that appropriate assets are held where the Fund's obligation to members are dependent upon the performance of specific portfolio assets and that a suitable match of assets exists for all other liabilities.

- Credit risk**

Credit risk is the risk that a counter-party to a financial instrument will fail to discharge an obligation, and cause the Fund to incur a financial loss.

- Legal risk**

Legal risk is the risk that the Fund will be exposed to contractual obligations which have not been provided for and to damages as a result of delictual acts or omissions or breach of contract, or other consequences (such as fines) as a result of non-compliance with statutes or the common law.

The Board of Fund and legal representatives of the Fund monitor the drafting of contracts to ensure that rights and obligations of all parties are clearly set out and also monitor other acts of the Fund and circumstances surrounding its actions that might give rise to legal risks from time to time.

- Cash flow risk**

Cash flow risk is the risk that future cash flows associated with monetary financial instrument will fluctuate in amount. In the case of a floating rate debt instrument, for example, such fluctuations result in a change in the effective interest rate of the financial instrument, usually without a corresponding change in its fair value.

The Board of Fund monitors cash flows by using monthly cash flow projections.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED 30 JUNE 2023

10. RISK MANAGEMENT POLICIES (continued)

- **Currency risk**

Currency risk is the risk that the value of an instrument will fluctuate in Rands owing to changes in foreign exchange rates. The Fund's exposure to currency risk is mainly in respect of foreign investments made on behalf of members of the Fund for the purpose of seeking desirable international diversification of investments.

The Board of Fund monitors this aspect of the Fund's investments and limits it to 30% of total assets.

- **Liquidity risk**

Liquidity risk is the risk that the Fund will encounter difficulty in raising funds to meet commitments associated with financial instruments.

The Fund's liabilities are backed by appropriate assets and it has significant liquid resources.

- **Market risk**

Market risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices of market interest rates.

This is a defined contribution Fund so the market risk is with the individual members of the Fund and there is no risk to the Fund.

- **Investments**

Investments in equities are valued at fair value and therefore susceptible to market fluctuations. Investments are managed with the aim of maximising the Fund's returns while limiting risk to acceptable levels within the framework of statutory requirements.

Continuous monitoring takes place to ensure that appropriate assets are held where the liabilities are dependent upon the performance of specific portfolios of assets and that a suitable match of assets exists for all non-market related liabilities.

- **Interest rate risk**

Interest rate risk is the risk that the value and /or future cash flows of financial instruments will fluctuate as a result of changes in interest rates.

The Board of Fund monitors exposures to interest rate risk by using monthly cash flow projections.

In making those risk assessments we consider internal control relevant to the engagement in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.

Summary of work performed

We completed our audit of the annual financial statements of the Municipal Workers Retirement Fund for the year ended 30 June 2023, prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa, on which we issued an unmodified opinion on 27th September 2024 that the audit was performed in accordance with International Standards on Auditing. Where appropriate, we have drawn on evidence obtained regarding information contained in the Schedule that has been extracted from the Fund's underlying accounting records that were the subject of our audit engagement on the annual financial statements and forms the subject matter of this engagement.

We have performed such additional procedures as we considered necessary which includedⁱ:

- Evaluating whether confirmations from financial institutions are in support of the records made available to us;
- Inspecting the required documentation in terms of Regulation 28(8)(b) for investments excluded from total assets in terms of Regulation 28(8)(b));
- Evaluating whether the investments are classified correctly per the categories of Schedule IB based on information obtained about the nature of investments from the financial institutions;
- Recalculating the percentages of assets held in relation to total assets; and
- Comparing the percentages calculated to the prescribed limits.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our unqualified opinion.

Opinion

In our opinion, the Schedule IB "Assets held in compliance with Regulation 28" at 30 June 2022 is prepared in all material respects in accordance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) of the Act, and the Fund has complied, in all material respects, with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) as at 30 June 2022.
